(updates as of 27 November 2016)

Recent trends

Country	Arrivals		Percentage Change
	Previous week 14 Nov - 20 Nov	Current week 20 Nov - 27	
Italy	3,674	2,757	-25%
Greece	711	467	-34%
Bulgaria	10	213	
Spain or arrivals	4,005		

## 2. The DTM Survey

- Same questionnaire in Italy, Greece, FYROM, Hungary, Serbia, Bulgaria, Slovenia

# DTM dissemination

- IOM DTM Mediterranean Portal
  - Descriptive results released regularly ([migration.iom.int/europe](http://migration.iom.int/europe))
- Deeper analysis ongoing, dataset released (anonymized / simplified) foreseen for the future
- IOM DTM Global Portal <http://www.globaldtm.info/> includes all data collection activities from all IOM Missions
  - DTM constantly shares info within the CCCM Cluster to crosscheck and disseminate data collected by different agencies

## 4. Research

- IOM-EUI “Study on Migrants’ Profiles, Drivers of Migration and Migratory Trends”
  - 1,031 interviews with migrants in reception facilities
  - socio-economic profile of migrants arriving in Italy
  - needs’ and skills’ assessment for future integration programs
- Ongoing internal process for better data management & systematization within IOM Italy:
  - Direct assistance: family tracing, AVR, relocation, resettlement, VoT
  - Migrant associations, M&D

THANK YOU
