Sixth Committee, 75th Session of the UNGA
New York, 20 October 2020

Mr. Chair,

Georgia aligns itself with the statement of the European Union delivered under the agenda item 86. Let me add the following remarks in my national capacity.

We express appreciation for the report of the Secretary-General on “Strengthening and Coordinating United Nations rule of law activities” (A/75/284) and commend the UN for the efforts to promote the rule of law globally.

Distinguished Delegates,

Georgia remains strongly committed to the rule of law and democracy, including promotion and protection of all human rights.

We fully concur with the view expressed in the Report that the rule of law is foundational to curbing corruption, restraining the abuse of power and establishing the social contract between people and the state.

The Russian Federation, as the occupying power has clear obligation to protect the local population of occupied Abkhazia and Tskhinvali regions of Georgia and bears full responsibility for violations of human rights and fundamental freedoms therein.

I thank you.
