Ambassadors of LLDCs

ICC POLICY AND EXTERNAL AFFAIRS | December 2020

through equitable distribution of tests, treatments, diagnostics and vaccines.

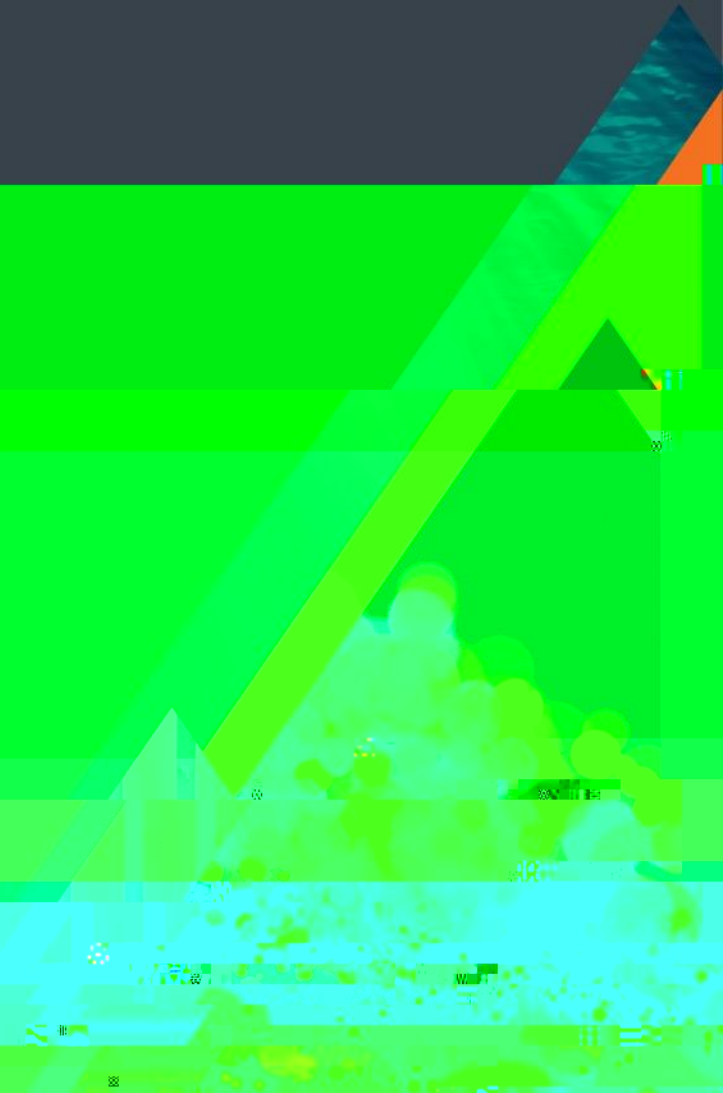

by ensuring that countries have sufficient liquidity

Special Projects

ICC Initiatives to Enable a Resilient Rebuild

ICC POLICY AND EXTERNAL AFFAIRS | 2 December 2020

SME Climate Hub

ICC, the UNFCCC's Race to Zero Campaign and Private Sector Partners

The SME Climate Hub seeks to mobilise and support small and medium-sized enterprises (SMEs) to take climate action in order to build business resilience and gain a competitive advantage.

The Hub provides an international one-stop-shop for SMEs to:

- make an internationally recognised climate commitment;
- access best-in-class tools and resources; and
- benefit from incentives and opportunities with commercial value.

Supported by "Supply Chain Leaders" – multinational businesses with a commitment to a 1.5 degree target and to achieve net zero by 2030 including BT Group, Unilever, Ericsson, Telia and IKEA.

Digital Standards Initiative (DSI)

ICC, Asian Development Bank, Enterprise Singapore and Private Sector Partners

The DSI will work in partnership with key international organisations, businesses, and technical experts to progressively modernise and harmonize digital trade processes throughout global value chains

- by working across sectoral alliances, industry forums, standards organizations, companies and public institutions;
- to give legal effect to digitized trade documents based on existing multilateral instruments;
- for digital trade platforms;
- for cross-border digital trade processes that reach across multiple industries;
- and
- to eliminate the cost and complexity associated with one-to-one platform integration projects today and increasing participation.

Private Sector COVID-19 Global Facility

ICC, UN Development Programme, UN Global Compact and Private Sector Partners

The **Private Sector COVID-19 Global Facility** is a global platform which delivers national interventions through the mobilization of multistakeholder partnerships and cooperation

Facilitate dialogue on frameworks for public-private cooperation, focusing on solutions that provide support to governments and enable a faster recovery.

Conduct multistakeholder consultations to gather private sector views regulatory solutions to enable sustainable recovery.

Cooperate and advise key stakeholders on structuring country level mechanisms for private sector; propose projects and solutions for address challenges and needs identified by the public sector.

Promote knowledge sharing and capacity building mobilising private sector to contribute to capacity building programmes for SMEs.

Facilitate private-private cooperation between large companies and SMEs to address challenges to at the SDGs.

Connect the private sector to targeted opportunities to accelerate sustainable development; support SI engagement on identified opportunities and provide targeted technical assistance to SMEs.
