...and the Government of Iraq. On the basis of the information available to the Commission, it is of the opinion that the Government of Iraq has not provided sufficient information to enable the Commission to determine whether the Government of Iraq has complied with the provisions of the UN Security Council resolutions. The Commission is of the opinion that the Government of Iraq should provide the Commission with the information requested in the Commission's report of 1996.

The Commission is of the opinion that the Government of Iraq should provide the Commission with the information requested in the Commission's report of 1996.
